

## TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each and every international trade. Transporting industrial goods happens each day on our busy world. Primarily innovated as industrial vehicles in the 1930s in America, lift trucks gained popularity following World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machines spread globally.

Originally founded as Toyo Carrier Manufacturing Company Limited, in the year 1949, the company was later renamed Toyo Umpanki Co. previous to becoming recognized as the TCM Corporation. Founded by Mr. N. Niwa manufactured Japan's first forklift. Through the years, TCM lift trucks have become a global leader in forklift manufacturing and have built a solid reputation with the trade. TCM started building lift truck manufacturing locations outside of Japan during the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

With over fifty years of accumulated technology and expertise, TCM has been proudly manufacturing several models of industrial trucks, making their models known all around the world. With an energetic and strong workers, TCM has been able to constantly work towards becoming a future leading material handling company.
