

Electrical Part for Forklifts

Forklift Electrical Part - Lift trucks as well as other forklifts can have specific labels for use in some hazardous locations. The label denotes that this particular model of forklift meets the minimum standards of ANSI/UL 553 intended for electric forklifts or ANSI/UL 558 intended for internal combustion engine lift trucks.

The use for labels used for lift trucks can be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Maintenance and Operation, Type Designations, and Areas of Use. Consult your local insurance provider and Fire Marshall for further information about the approved uses of industrial powered trucks in your application.

If the forklift has been proven to meet the outlined criteria, the following labels could be put. A labeled truck will have the model description put on the forklift nameplate and would have one of the following labels put.
