

## Advance-Nilfisk Parts

Advance-Nilfisk Part - Imagine how long and tedious it would really be to clean-up after a party, without help from machines. Previously, the dust from carpets and upholstery had to be beat out of them manually; cleaning cloths, brooms, and brushes were the top cleaning products at the time.

P.A. Fisker, the man who founded Nilfisk-Advance, was actually an electrical engineer who really loved working with electrical motors. Starting the business in 1906, he started to make motors to drive coffee grinders, drills, fans and machine tools. Mr. Fisker's dream from the beginning was to have a worldwide company selling products internationally.

The Nilfisk C1 was an incredible breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and could be operated by one person. This invention came in a time where many cleaning equipment were huge and needed 4 or more operators, therefore, the Nilfisk C1 transformed everything and developed the method we clean forever. The mastermind behind these first cleaning machines remains unparalleled. Cleaning equipment offer a brilliant solution to an existing crisis; stuff get dirty and need to be cleaned regularly, without too much effort.

Slowly but progressively, Nilfisk-Advance grew all through the years. During the 1980s, this growth truly occurred the time the company became a part of the NKT Group. Their new owners' determination and motivation made Nilfisk-Advance take a huge leap forward within the business, aspiring to be amongst the largest global players in the market of professional cleaning equipment. Nilfisk-Advance is now located in every part of the world due to steadily obtaining a lot of small businesses in order to develop their product selection and presence in new markets. They are proud to present a variety of cleaning solutions to meet every need.
